CRICKET.

GYMKHANA vs. PARSEE CRICKET CLUB.
SECOND DAY.

Rayner and Francis, the two not-outs from last day, went to the wickets at 11 o'clock; Rayner taking the first ball from Bhikarjee, whose first over was a maiden. Kapadia delivered to Francis from the wicket end, also sending down a maiden. In Bhikarjee's second over Rayner put the ball to leg for 2 and the following over of Kapadia's two singles were made. Runs came slowly until in Bhikarjee's third

Francis was thrown out as a buckjays's third attempt a second run for a out of Rayner's. Lang was next but only survived two overs, being bowled by Kapadia after he had made 2 (9 for 176). Rayner was joined by Macrae and runs were made a little more freely, Macrae making a drive for 4, while Rayner contributed singles. With the score at 185, only 100 ahead of the Parees, Macrae was bowled by Bhickjee. Rayner carried out his bat for a very difficult played 24 made against some troublesome bowling. The following is the analysis of the bowling.

	Overs.	Runs.	Maidens.	Wickets.
Furdoonjee.....	4	19	0	0
Kapadia.....	20	29	7	4
Bhickajee.....	20	59	3	4
Bezonjee.....	7	26	0	0
Libowalla.....	2	10	0	0
Reporter.....	2	10	0	1

to Kaspida who drove his second ball well to the on
4. A single was made in Wyer's second over, while
Macrae's next Kaspida made a 4 to the on and 2
good, but Bhikjee, wanting to make a big hit, slojoged
a single and was bowled. (2 for 11). Bhimjee
now came in, and slipped the first ball he received
for one. Francis here went on in place of Macrae,
Kaspida cutting his first ball late for 3, the remainder
the over, however, was too well on the spot to allow
any hitting. Off the last ball of Wyer's next over
Bhimjee made a late cut for 3, and off the last

of the following over of Francis' Kapadia made a love for 3, bringing up 20. Directly after Kapadia 'ought to have been run out, but Macraes short leg failed to handle the ball. In the following over Kapadia drove Francis' third ball to the on, causing 30 to be hoisted on the telegraph board. The next over was a misdeed, but off Francis Kapadia got a straight drive for 3; the next ball, however, disposed of Bhimjeebhoy, who was finely caught short leg by Moore. 3 wickets were now down for the first time, and the retiring batsman had made 9. Beson-

took the vacant wicket, both the batsmen now being left-handed; from the rest of the over two singles were made. The second ball of Wyer's next over saw the downfall of Kapadia's wicket, he putting up the ball slip which Oliver secured. Kapadia had made 22, some few hitting, his figures comprising three and two 3's. (4 for 35). Patel, the next man, on the first ball he received from Francis' square 2 and did the same with the next for 1, the following Bezonjee hit hard to long off straight to a wicket for 1, which brought up the 40, and soon

He drove Francis for 3, but with the last ball of his next over Wyer bowled him. He had made runs, having careful by played some good bowling for 43. A. C. Major filled the vacancy, receiving the three remaining balls of the over. The next from Francis was a maiden, and from the first of Wyer's following over Major was caught at mid off by P. Maule, the score being unaltered. M.E. Dadachanjee, pursuing the tactics of his former innings, met the ball half way driving it for 1; two more singles were made off this over of Wyer's. Dadachanjee fell

On the second ball, after tiffle, Furdoojee made two for 1 off the second ball, and cent him for 1 off the last ball.

and did the same by the second ball of Wyrer; the fourth ball of the same over, however, answered Patell, who ran out to it. (8 for 68.) Libuwalla now joined Fardoonjee, who drove the ball of Francis' next over to the off for 3 and so on from the same over two singles were made besides; in the next over, 3 byes were run. C. Young now took the ball in place of Francis, and off his second ball Fardoonjee made a very neat cut for 2, while the last, a bumpy ball, passed the longestop and two byes were run. In Wyrer's next over Libuwalla cut a ball high to the left

Francis which he was not able to get quite hold of (80). From Wye's text over Furdoondjee made a couple of drives for 2 and 3 and Libuwalla a cut for 2, next on hitting brought up 90. With the first ball of his next over Young bowled Furdoondjee, who had played a very free hitting innings for his 32, among the items of which were two 4's, two 3's and six 2's. As H. reporter was absent from the side of the *Parsons*, unlikely for them, on account of illness, their innings came to an end, leaving the *Gymkhana* winners by a margin of 10 runs. The analysis of the bowling reads

	Overs.	Maidens.	Runs.	Wickets.
Wyer	16	6	21	5
Macrae	2	0	10	1
Francis	11	1	46	2
Young	2-1	0	5	1

THE TOWN COUNCIL AND THE

CORPORATION.

PRESSURE upon our space precludes our publishing to-day a report of the proceedings of meetings of the Town Council and the Municipal Corporation held yesterday.

At the Town Council, the only matter of public interest was a notice of motion given by Mr. Nowroji Fardoonjee with the object of adopting measures for improving the defective water supply of the eastern

part of the city. After some discussion it was agreed that the Municipal Corporation should agree to adopt immediate measures for the improvement of the defective water supply for the town and island of Bombay. The Municipal Commissioner is requested to transmit to the Acting Executive Engineer, a report on an improvement of the water supply of Bombay. The Government to have the goodness to refer the same document to the Drainage Committee to be considered.

Mr. Braham for increasing the water supply for domestic consumption, for extinguishing fires, and for flushing house-connections, privies, water-closets, and drains in connection with the proposed complete system of drainage and sewerage, and that the Town Council be favoured with the report which the Commission or Irrigation Department might make on the subject."—Another matter on which some discussion arose was a proposal to grant of Rs. 9,000 from the surplus cash balance

net the excess of that amount in the Health Department, caused by the recent epidemic of cholera and the influx of immigrants into Bombay. Mr. Nowrojee argued that a stop should be put to all unauthorized expenditure; that Dr. Weir had ignored the existence of the Council for several months; and that there was no justification for a previous sanction not being obtained. Mr. Nowrojee proposed, seconded by the Hon'ble Mr. Rokay, "That the Municipal Commissioners be requested strictly to prohibit the heads of the different departments of the Municipality from incurring

expenditure without previously procuring the sanction of the Board of the Town Council and the Corporation, except in cases of emergency or unforeseen accident to machinery, in such cases to be reported immediately to the Municipal Commissioner. The Executive Engineer and Superintendent of Workshops not to execute or cause to be executed any work unless its sanction is certified by the Chief Accountant." It being late, further consideration of this proposition was allowed to stand over until the next meeting.

At the adjourned special general meeting of the

"That as it appears from the proceedings of the Bombay Government, Legislative Department, published in the *Government Gazette* of the 19th October, 1904, that the following proposition was unanimously agreed to:—

by Bill N. III. of 1877, entitled 'The Bombay Abkari Act, 1877,' it is proposed to repeal the whole of the Bombay Act No. IX. of 1867, by which (Sec. 14) a license realized by the issue of licenses for the sale of liquor in the city of Bombay, or by the imposition of duties and penalties under the said Act, are guaranteed to the Municipality of Bombay, and are directed to be carried to the credit of the Municipal Fund of the city of Bombay for municipal purposes, and that by resolution No. 7,472 (Revenue Department), dated 19th December 1876, Government having intimated their desire

rent compensation to the Corporation for any loss which it might sustain in case Government think proper to deprive it of that source of income to which the Municipality, as Government admit, is 'equitably and legally entitled,' this meeting resolves that Government be requested to introduce into the said Bill a provision for granting adequate compensation for the loss which might be inflicted on the Corporation by the withdrawal of the said income."

SPECIAL TELEGRAMS FROM THE BOMBAY GAZETTE.

(FROM OUR OWN CORRESPONDENT.)

H. E. THE GOVERNOR AT KURACHEE, Dec. 4.

H. E. the Governor has started for Jangal, near Tatta. A European guard with band was at the station and an Artillery escort. Present, Mr. Melville, the General and Staff, and the Commandants of Artillery, of the 10th, 28th, 30th, 31st, and 32nd Regiments, and others. There will be a dinner at Kotree this evening. In the morning H. E. proceeds by rail to Butcha, near Sehwan, thence to the Frontier.

(FROM ANOTHER CORRESPONDENT.)

H. E. the Governor visited Manora Point, Dec. 4. The ten-gun gun, which was being landed last evening, Brigadier General H. V. and the Heads of Departments dined at Government House. 100 men of the 19th Regt. N.I. furnished a guard of honour. At 10-30 this morning H. E. the Governor, two of his Staff, and the Collectors of Kurachee and Hydrabad left for Manora to visit the ruins of mosques and tombs at Manora Hill. A ride of ten miles on Camels. On his return from Manora he goes to Kotree, where the Commissioner of Sind, Mr. F. D. Melville, and the rest of the Governor's Staff join him to-morrow. All will then proceed by the new Indus Valley Railway to Butcha, four miles south of Sehwan, and, after reaching the fourth mile, they will proceed up the river, through Kakhar, Shikarpore, and Jaobabad, from thence to Kishmore, Multan, and Lahore.

Perhaps the irrigation improvements will receive some attention now.

Nothing is known here about the separation of Sind from Bombay.

It is reported that Sir Lewis Pelly is not anxious to come out again.

The Indus has suddenly risen six feet, and an equally sudden fall is anticipated.

[BUTTER'S TELEGRAMS.]

(By Red Sea Cable.)

THE WAR IN BULGARIA.

LONDON, Dec. 4.

Latest advices from the seat of war in Bulgaria state, that the Turkish troops lately occupying the Balkan line, and the adjacent Turkish positions are falling back on Sofia.

AUDITORS.
M. B. Scott, Esq. The Vicomte de Valmier.
SECRETARY.
Andrew Francis Esq.

The Society of Policyholders is made complete by the large and influential body of Proprietors, assisted by a numerous and influential body of Proprietors, a list of whom is periodically published, and is open to the inspection of all the Proprietors of the Special Act of Parliament (1 and 5 Vict., c. 18), and is open to the inspection of all the Proprietors of the Special Act of Parliament (1 and 5 Vict., c. 18).

The highly attainable character of this institution for Policyholders is shown by the fact that the Society has been the special use of the Insured Branches of the Assurance Company of London, and the Directors have much gratification in drawing attention to the fact that they will be able to meet the views, and satisfy the expectations, of the Assuring Company of London.

RETIRING PROTECTIONS.

Police are issued by which those may be secured, and at the same time a retiring family be protected in the event of premature death.

ASSURANCE BY TERMINATING RATES OF PREMIUM.

Under this system Assurances can be effected for the whole term of life, the annual premiums for which cease after a given number of years.

FREE POLICIES.

Assurances by this system can never afterwards be forfeited by non-payment of Premium.

No extra charge for save passage.

Reduction to 25-copas made without medical examination.

Premium may be paid annually, half-yearly, quarterly, monthly as desired.

Gratuities and Arrears free insured.

For detailed Prospects, &c., apply to

REMINGTON & Co., Agents.
